

**Infopay20/Infopay20Lite V 5.00 Update. Date 27/04/2020**

**Please install this update even if you are NOT availing of the Wage Subsidy Scheme**

**This update DOES NOT include the changes for Phase 2 of the scheme coming into effect on 05/05/2020. A further update will issue to deal with this.**

**Temporary COVID-19 Wage Subsidy Scheme.**

**Infopay has been updated as follows:**

**1. J9 PRSI Class:**

J9 is now automatically selected when the value in the Gov C-19 Wage Subsidy Box is greater than ZERO. It reverts to the settings of the previous pay period if the value is deleted

The screenshot shows the payroll configuration screen. On the left, there are several input fields for tax and social security, each with an 'Exclude' dropdown. The 'Subsidy' field at the bottom left is highlighted with a red circle and contains the value '220.00'. A red arrow points from this field to the 'PRSI Class' dropdown menu on the right, which is also highlighted with a red circle and set to 'J'. Below the 'PRSI Class' dropdown is the 'Insurable Weeks' field, set to '1'. The 'Override PRSI SubClass' checkbox is checked. The 'PRSI Class This Period' dropdown is set to 'J9'. Below these are checkboxes for 'Claim Employer's PRSI Exemption' and 'Community Employment Participant', both of which are unchecked. The 'Payment Method' dropdown is set to 'Cash'. A 'Payslip Note' field is empty. Below this is a table titled 'HOURS Of This Period (FOR CSO)' with columns for 'Paid' and 'Unpaid'. The table has rows for 'Holidays', 'Bank Holidays', 'Maternity', 'Sick Days', and 'Other', all with '0.00' in both columns. At the bottom, there is a 'Notes' field and a 'Delete All Pay Record For Period' checkbox.

**2. Saving File after Payroll Submission.**

You will now be asked to save your file after doing a Payroll Submission. This is ESSENTIAL to retain data generated during the submission.

**IF YOU ARE AN INFOPAY USER**
