Infopay20/Infopay20Lite V 9.00 Update.   Date 23/10/2020
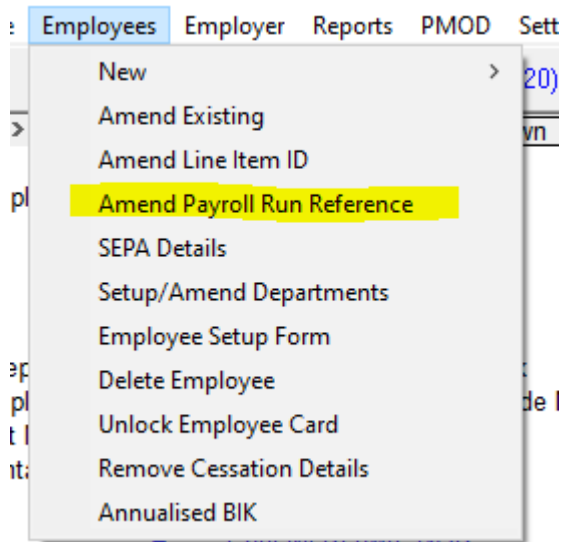

This update facilitates the Reconciliation of TWSS for the dates 16/03/2020 to 31/08/2020

Temporary Wage Subsidy Scheme Reconciliation.

1.   Version 8 did not include payments made under the "Employer Refund Scheme" which ran from 16th March to 25th March which paid a flat €203 per week for qualify employees in the CSV file. These would have been returned as J9 but were more than likely returned as Non Taxable Pay. If the J9 report now picks them up they should be transferred to the Covid-19 box. DO NOT UPLOAD THE CHANGE TO ROS

We regret any inconvenience caused.

2.   It has come to our attention that in some cases the Payroll Run Reference on ROS is different from Infopay. We have now put in a facility to amend this in Infopay.

IF YOU ARE NOT AFFFECTED BY THE ABOVE ISSUES THERE IS NO NEED TO INSTALL THIS UPDATE
